

KAVIYA SENTHILKUMAR

Jr. QA Engineer

Chennai | kaviyasenthil20035@gmail.com | 8056988268

EXECUTIVE SUMMARY

Motivated and detail-oriented **QA Engineer** with 1 year 2 months of experience in **manual testing**, along with foundational exposure to UI automation using **Cypress** and **API testing** with **Postman**. Proven ability to **write** and **execute** detailed **test cases**, **identify** and **document defects**, and ensure **high-quality releases**. Solid understanding of **SDLC** and **STLC**, with practical experience in **web** and **mobile app testing**, including **iOS validation**, **responsive testing**, and **cross-browser checks**. A **quick learner** and **collaborative team member** with a focus on **continuous improvement**.

SKILL & EXPERTISE

- **Testing Types:** Functional, Regression, Sanity, Retesting, Integration, System, Exploratory, Ad-hoc, Mobile view
- **Web & Mobile Testing:** iOS validation, responsive design checks, cross-browser compatibility
- **Test Management:** Test case design, execution, defect reporting, requirement traceability
- **Bug Tracking:** Jira – Issue creation, lifecycle management, status tracking
- **Internal Tools:** Retool – Data inspection & validation
- **Automation Basics:** Cypress with JavaScript – commands, assertions, UI handling, fixtures, custom commands
- **API Testing Basics:** Postman for request validation, status code, and response checks
- **Tools Used:** Jira, Zephyr Scale, Postman, Cypress, Retool, LambdaTest
- **Process Knowledge:** Agile/Scrum, SDLC, STLC, Defect Life Cycle.

PROFESSIONAL EXPERIENCE

Junior QA Engineer | QAonCloud, Chennai | September 2024 – Present

Client: Fora Travel

Domain: Travel | Team Size: 5

Tools: Jira, Jenkins, VPN, LambdaTest, Postman, Retool

RESPONSIBILITIES

- Executed comprehensive **web** and **mobile regression testing** across multiple modules.
- Designed and executed **test cases** from **user stories** and **business requirements**.
- Performed **cross-browser testing** across Chrome, Firefox, and Safari.
- Deployed builds to **staging environments** and conducted verification before release.
- Logged and tracked defects in **Jira**, collaborating with developers for timely fixes.
- Validated **UI behavior** and **mobile responsiveness** using LambdaTest and manual checks.
- Verified backend data changes using **Retool** for **end-to-end scenario validation**.
- Participated in **Agile ceremonies** including daily stand-ups, sprint planning, and retrospectives.

QA Intern | QAonCloud, Chennai | June – Aug 2024

Tools: Cypress, Visual Studio, Postman, Excel

RESPONSIBILITIES

- Learned testing fundamentals: **testing types, test case design, defect lifecycle, Agile workflow.**
- Created and executed **test cases** for applications like Amazon, Gmail, and YouTube.
- Reported and verified **bugs** through **adhoc** and **exploratory testing.**
- Practiced **Cypress automation** for basic **UI scenarios.**
- Performed simple **API tests** using **Postman.**

ACHIEVEMENTS

- **Spot Award** – Identified a critical defect in the Fora project, improving system stability.
- **Client Appreciation** – Delivered high-quality test reports with quick turnaround on validations.
- **Team Award (2x)** – Recognized for contributions to quality improvements and edge-case coverage.
- Implemented **ad-hoc testing** that improved app quality by **20%.**

EDUCATION

B.E. Electronics and Communication Engineering

Coimbatore Institute of Technology | CGPA: 9.24 | 2020 - 2024
